

DIN 906

1) Cone 1:16

BN 41
Hex socket pipe plugs
pipe thread
Steel
zinc plated blue
• ~CSN 021913

! Hex socket pipe plugs DIN 906 are not intended to be used for gas and drinking water applications.

 Proper sealing is depended upon a given medium, pressure, temperature, and mating materials, therefore may not always be guaranteed.
Hence, based on the application, an appropriate sealing compound is recommended.
